

New Zealand College of Early Childhood Education

Te Whare Matauranga Kohungahunga o Aotearoa

Hand in hand with your success

Do you have at least two pre-school children?

Looking to encourage students in the ECE sector?

The New Zealand College of Early Childhood Education is seeking families interested in assisting with the training of our students within our home based practicum program.

Our students spend one third of their Stage 1 course on home based practicums. Students put the theory they are learning at the College into practice with the support of the practicum families.

We would like to hear from families that;

- are able to offer students a learning opportunity
- have at least two pre-school children
- are not involved in any other training program
- have at least one person at home at all times to provide support

Families involved with day placements are asked to provide meals and live-in families are asked to provide accommodation and meals while the student is with you. There are no other associated costs for practicum families.

Our stage 1 students are not able to be left in sole charge during their first practicum. Our course is approved and accredited by the New Zealand Qualifications Authority.

If you are interested in becoming a Practicum Family,
please call the New Zealand College of
Early Childhood Education on 0800 CHILDHOOD
to request an application form
or visit our website: www.teacher.co.nz
